IT / SOFTWARE DEPARTMENT

Application for Entry-Level Software Developer / QA Engineer

Dear Hiring Manager,

Introduction

I am writing to apply for an Entry-Level Software Developer / QA Engineer position at your organization. I am an MCA student with a strong foundation in programming, software testing concepts, and full-stack development basics. I am eager to begin my professional career in a challenging environment where I can learn, contribute, and grow.

Technical Skills and Keywords

My technical skill set includes C programming, Java, JavaScript, HTML5, CSS3, and basic data structures. I have working knowledge of React.js for frontend development and Node.js with Express.js for backend development. I am familiar with MongoDB database operations and REST API integration.

From a software testing perspective, I understand Software Development Life Cycle (SDLC), Software Testing Life Cycle (STLC), test case design, manual testing, functional testing, regression testing, and bug reporting. I have basic exposure to Git, GitHub version control, debugging, and problem-solving techniques.

Why I Am a Good Fit

I am a quick learner with strong problem-solving skills and a disciplined work ethic. I take ownership of tasks, pay attention to detail, and adapt quickly to new tools and technologies. As a fresher, I bring enthusiasm, flexibility, and a strong willingness to learn from senior team members while delivering quality work.

Conclusion

I would welcome the opportunity to contribute to your team and further develop my skills as a software professional. Thank you for considering my application. I look forward to the possibility of discussing how I can add value to your organization.

Sincerely,

Sejal Wattamwar

PROFESSIONAL SUMMARY

Motivated MCA student with a strong foundation in full stack web development and cloud computing concepts. Hands-on experience in building responsive web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing RESTful APIs, integrating databases, and implementing user-focused features. Eager to contribute to scalable software solutions while continuously enhancing technical skills.

EDUCATION

Master of Computer Applications (MCA)

DY Patil College of Engineering, Talsande

Expected Graduation: May 2026

Bachelor of Computer Applications (BCA)

Sanjay Ghodavat University, Kolhapur

Feb 2021 – Feb 2024

PROJECTS

Prescripto – Medical Prescription Web Application

2024

- Designed and developed a digital prescription management system to streamline medical records.
- Built a responsive and user-friendly interface using React.js and Bootstrap.
- Developed RESTful APIs using Node.js and Express.js for secure data handling.
- Integrated MongoDB for efficient storage and retrieval of prescription data.
- Implemented CRUD operations and ensured seamless front-end and back-end integration.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React.js, Bootstrap

Back-End: Node.js, Express.js

Database: MongoDB

Data & Analytics: Power BI

Tools & Platforms: Git, GitHub, VS Code

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Time Management

CERTIFICATIONS

- Introduction to Data Mining – Simplilearn SkillUp (Feb 2025)
- GitGenius: Introduction to Git and GitHub
- Full Stack Development (Experiential Learning) – SmartBridge
- Business Analytics with Excel
- University-Level Technical Event Participation
